### University Assessment and Testing

2021 OSU Survey of Alumni

Survey Report – General Agriculture

The OSU Alumni Survey is a survey designed to collect information about OSU graduated students. More specifically, it is designed to collect information on their career, educational achievements, and their experience with OSU. This information will be used to improve academic programs and student experiences at OSU for generations to come. This survey targeted alumni of undergraduate and graduate programs who received their degree in 2015 and/or 2019. The survey was administered online by OSU-University Assessment and Testing (UAT) in March 2021 through May 2021. Departments may request additional information by contacting UAT ([assessment@okstate.edu](mailto:assessment@okstate.edu)).

#### Survey Questions

Respondents were asked up to 26 institutional level items. Institutional level items were given to all OSU alumni and the items consisted of six topics: continuing education, well-being and community, demographic information, academic satisfaction, career reflection, and current job or career information.

#### Target Population / Response Rate – General Agriculture

## Overall

25. What could OSU have done to better serve you?
My program was primarily online classes. I would have liked to have some lectures to watch on the topics to make it feel more personal and gain more specific insight on the material. Also would have appreciated networking with local companies who hire from my field of study.

26. What additional information would you like OSU to know?
