Q55. Do you have any comments or recommendations about the services provided by the Graduate College?

I wish there was a little more guidance about things like the plan of study and graduate committee.
 It felt as if the graduate college took the role of police rather than support. I found them rude, disinterested, and too busy to pay attention.
 The Agriculture Department is outstanding! [REDACTED] is exceptional!
 The staff in the graduate office can be somewhat off putting and distant when students come for support. I was told on more than one occasion that I was the one at fault and that I was doing the application procedure wrong, come to find out it was an IT problem with the online application and I was doing things correctly. I found it a little rude that instead of asking me what support I needed I was just pushed off and ignored.
 They do a great job
