Program (EHS) - STLES - Education (PhD) - 435

Program Mission Statement: The Ph.D. in Education Program is designed to prepare future scholars and leaders in the field of education. The program's mission is focused on the integrated study of curriculum, educational foundations, instructional process, professional education, and educational leadership in a diverse society. The faculty strives to demonstrate and perpetuate teaching and inquiry-based on theory and research-driven educational practices.
